

## About Us

Arvind Gavali College of Pharmacy, Satara, established in 2007 by Shri. Arvind Gavali, addresses the need for quality pharmacy education in the region. Led by Secretary Mr. Nishant Gavali and Principal Dr. V. Y. Lokhande, the college features a well-designed campus with modern labs, a resourceful library, and excellent amenities.

Recognized for its planning and student-focused approach, the college excels in academics, research, and extracurricular activities. Offering UG, PG, and Diploma programs, the college is affiliated with reputable institutions and accredited by NBA (2023-24 to 2025-26). Its infrastructure fosters industry-academia collaboration and research. The training and placement cell ensures strong career opportunities. Committed to global education standards, the college nurtures future generations through its visionary leadership and dedicated team.

## About Theme

"The Climate Countdown in India: Act before it's too late," highlights the essential role of pharmacists in addressing the health impacts of climate change through eco-friendly and sustainable practices. With India's vulnerability to climate-related health crises, including heat-related illnesses (heatstroke, dehydration, hyperthermia, cardiovascular stress due to extreme heat), vector-borne diseases (malaria, dengue, chikungunya, Japanese encephalitis), and respiratory disorders (asthma, COPD), the competition underscores the urgency of actionable solutions.

Apart from the enlisted topics, participants are encouraged to innovate strategies such as green chemistry and biodegradable drug delivery systems to reduce the pharmaceutical sector's environmental footprint, fostering a healthier and more sustainable future.

## For Registration Contact

### For UG & PG

Ms. Salve Pallavi L. (9890306817)  
Mrs. Borkar Smita P. (7620732726)

### For DIPLOMA

Mr. Bhosale Abhijeet V. (9767626703)  
Mr. Darekar Rajendra M. (9011093931)

## About Scientia 3.0

Scientia 3.0 is designed with the aim of nurturing a culture of research and innovation among undergraduate and diploma pharmacy students, as well as promoting research skills among postgraduate students. The event connects with the desired program outcomes by facilitating teamwork, developing planning abilities, familiarizing learners with modern tools, improving communication skills, and imparting lessons on the environmental and sustainable development of pharmaceutical products. It is being organized third time with theme " The Climate Countdown in India: Act before it's too late "

The Scientia 3.0 initiative is centered around a dynamic combination of visually appealing poster displays, models and an oral presentation competition. This comprehensive event not only celebrates creativity but also encourages networking and interaction among participants and attendees.
